

## **Kendall Brook Forest**

Cemetery Road Greenwood

Pine Ridge Road

Vernon Street Bethel

**Property Overview:** The Kendall Brook Forest property extends from Mount Abrams to Bethel and to Greenwood. The Community Access Trail System (CATS) uses old woods roads and gravel roads to cross through the forest.

**Main Access:** There is a grass parking lot and map kiosk at the top of Cemetery Road in Greenwood. There is a dirt parking lot and map kiosk on Pine Ridge Road in Greenwood. From the Town of Bethel, there is no parking on Vernon Street but there is a trail sign at the start of the off road section from Vernon Street diagonally across the road from the Legion Hall.

In addition there is road access from Rt 26 across the road from Telstar Highschool that connects to Platinum Road and Brown Road. Access can also be gained via Rabbit Road from the Greenwood side (Rt 26). From the Vernon street side there is a significant washout and ford on Rabbit Road, and access is not recommended from there.

**Schedule:** The trail may be closed due to trail conditions on certain sections. Logging operations may be present in winter 2023 near Vernon Street. In winter the Greenwood Snowmobile club maintains a trail network including Rabbit Road and Brown Road connecting Albany TWP, Greenwood and Bethel through the property

### **Additional Information:**

The Cross New Hampshire Trail (XHNAT) terminates in Bethel. There is an extension of that route into Maine that presently uses the CATS corridor, branching off along Pine Ridge Road to Greenwood.

**Interior Road Access:** Authorized vehicles can access the woods roads and gravel roads via Rabbit Road, Pine Ridge Road, Platinum Road, Eddies Road, Verrill Lane.

### **Coordinates of significant landmarks**
